AMENDED IN ASSEMBLY APRIL 10, 2002

CALIFORNIA LEGISLATURE—2001–02 REGULAR SESSION

ASSEMBLY BILL

No. 2456

Introduced by Assembly Member Jackson

February 21, 2002

An act to amend Sections 4017.1 and 5071 of the Penal Code, and to amend Section 219.5 of the Welfare and Institutions Code, relating to employment of offenders.

LEGISLATIVE COUNSEL'S DIGEST

AB 2456, as amended, Jackson. Employment of offenders.

Under existing law, prison inmates and persons confined in a county jail, industrial farm, road camp, or city jail, who have been convicted of specified offenses, may not be employed so that they have access to personal information of private individuals, as specified. Under existing law, wards of the juvenile court or the Department of the Youth Authority, who have been adjudicated as having committed any of these same specified offenses, are not permitted to perform any function that provides them access to personal information of private individuals, as specified. Under existing law, the personal information to which each of these inmates and wards is denied access is specified to include, but not be limited to, social security numbers, addresses, driver's license numbers, credit card numbers, and telephone numbers.

This bill would expand the list of specifically included types of personal information to which these parties are denied access by adding an array of identification and identity-related materials. *It would also*

expand the prohibition on employment that permits access to this personal information to cover any person convicted of one of the specified offenses while that person is performing community service or work furlough in lieu of a fine or custody.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.
